

Fujairah Asia Power Company and F2 O&M Company Establish Social and Community Involvement Committee.

Recently, the second largest integrated power and water plant in the Middle East was brought into service in Qidfa.

The Fujairah F2 Plant is a Greenfield power generation and seawater desalination plant with 2,000 megawatts of net power capacity and 130 million imperial gallons per day of net potable water capacity. The plant is owned by Fujairah Asia Power Company (FAPCO), of which Abu Dhabi Water & Electricity Authority, Abu Dhabi National Energy Co. (TAQA), International Power-GDF Suez, and Marubeni Inc. are share holders. The Fujairah F2 plant is operated by the Fujairah F2 O&M (Operations and Maintenance) Company, and is a joint venture between IP-GDF Suez and Marubeni. The F2 plant was inaugurated by H.H. Sheikh Hamad Bin Mohammad Al Sharqi, Supreme Council Member and Ruler of Fujairah, H.H. Sheikh Mohammed bin Hamad bin Mohammed Al Sharqi, Crown Prince of Fujairah, and H. H. Sheikh Mansour Bin Zayed Al Nahyan, Deputy Prime Minister and Minister of Presidential Affairs, on 10th May 2011.

Along with the task ahead of meeting the demands of producing Electricity & Water for

the Northern Emirates, FAPCO and F2 O&M together are aiming to build a stronger bond with the citizens of the area by developing and pursuing opportunities to support community needs. To accomplish this goal, FAPCO and F2O&M Company have developed their Social and Environmental Involvement Committee. In acceptance of their civic responsibility, this Committee, chaired by Ms. Kholoud Al Hefaty of F2O&M Company, is tasked with seeking and discovering opportunities to improve community relations, providing for the benefit of the community in ways that FAPCO and F2O&M are able, and actively promoting continuing environmental improvement. The Committee has begun actively meeting with community and municipality leaders in the Fujairah, Kalba, Khorfakkan and Qidfa, as well as local schools, hospitals, and other civic organizations throughout the area. The Committee also sponsored an Iftar tent during Ramadan.

FAPCO and F2 O& M will continue to jointly maintain and improve the F2 facility to focus on production of the growing electricity and water supply requirements for the UAE community. For more information on the F2 Plant, FAPCO and the F2O&M Company, please see our website at <http://www.fapco.ae>
